Meisam Ashraf, PhD

Kaufering, 86916 Germany | +49 171 5483177 | meisash@gmail.com

Profile

Senior Data Scientist with 10+ years of experience building machine learning systems for real-world decision-making, specializing in time-series modeling, multimodal data fusion, and deep learning for high-stakes environments.

Key Skills

- Python, C++, SQL, PyTorch, TensorFlow, JAX, Docker, Git, google cloud, Azure Cloud, AWS, DVC, MinIO, Amazon S3.

Experience

Senior Data Scientist — Corpuls, Germany (Sep 2020 – Present)

- Developed machine learning models to predict defibrillation outcomes from ECG and multimodal sensor data
- Building deep learning pipelines and data fusion systems for clinical decision support
- Building real-time early-warning models for patient stability during resuscitation using multimodal time-series data (ECG, CO_2, clinical history)
- Deployment via Kubernetes and Docker and DVC.

System Engineer — Max Planck / ICARUS Project, Germany (May 2017 – Nov 2019)

- Developed algorithms for satellite-based data transmission between animal-borne sensors and the ISS
- Built and tested embedded communication systems (low-power radio, FPGA-based modules)
- Designed signal processing and data handling pipelines for large-scale sensor networks Conducted system validation including radio communication, antenna performance, and solar energy modules

Senior Research Scientist — ResMan, Norway (Mar 2012 – Mar 2019)

- Developed C++/Python software for large-scale simulation and data analysis in reservoir monitoring
- Modelled complex physical systems using numerical methods (PDEs, FEM) and data-driven approaches

Education

PhD Applied Mathematics — University of Bergen

MSc Chemical Engineering — Sharif University

BSc Aerospace Engineering — Sharif University

Certificates

- Essentials with **Azure Fundamentals** (Microsoft February 22, 2026)
- Introduction to **Large Language Models** (Google Cloud April 11, 2025)
- Introduction to **Complex Analysis** (Wesleyan University - October 4, 2025)
- Internship - **Sensor Fusion** (Mercedes-Benz North America – Udacity 2020)
- Nano-Degree - **Deep Learning** (Udacity 2019)
- Nano-Degree - **Data Analyst** (Udacity 2019)
- Internship – **AI at the Edge** (Intel – Udacity 2019)

Languages

English (Fluent), German (C1)
